

# DANIELE D'AGNELLI

Apt. 264, Kestrel Building, HSQ Kilmainham, Dublin, Ireland  
+353 87.399.57.93 — daniele@bidimensional.net

## SUMMARY

Ambitious professional with 5 years experience in the end-to-end delivery of Enterprise Performance Management projects based on the Oracle technologies for some of the biggest Consumer Goods, Pharmaceutical and Financial Services multinational corporations.

Ability to work in a fast paced, innovative environment, bringing ideas and embracing change in a positive way. Experienced in working with globally distributed remote teams and different cultures.

Fluent in Italian and English.

## PROFESSIONAL EXPERIENCE

*Codec DSS* January 2015 – Present

Senior EPM Consultant, Dublin, Ireland

- End-to-end delivery of EPM projects based on the Oracle Hyperion Suite.
- As a Senior Consultant I cover all the aspects of the delivery, both functional and technical, from the initial workshops to the training and post go-live support.
- In my role I am the owner and responsible of the projects, the relationships with the customers, the deadlines and the resources assigned to me.
- On a day to day basis I lead small teams of Oracle EPM consultants while being an active member of the development team.
- I interview experienced candidates for the BI and EPM capabilities in the company, mentor the junior resources and I occasionally organize internal workshops to share my latest findings.
- Expertise: Hyperion Planning, Essbase, Financial Reporting, Oracle Database, Oracle ODI

*Accenture* May 2012 – Dec 2014

EPM Analyst, Milan, Italy

- Member of the Accenture EPM Center of Excellence in Milan, I worked as part of globally distributed teams on the implementation of Oracle Hyperion for two American pharmaceutical corporations.
- With a focus on Hyperion Planning, Essbase and ODI my role included the definition of the Technical design, the implementation and the testing of the same.

## CERTIFICATIONS

- 1Z0-533 – Oracle Hyperion Planning 11 Certified Implementation Specialist
- Oracle Planning and Budgeting Cloud Service Specialist

## EDUCATION

*Bachelor of Science*, Computer Science  
Università degli Studi di Bari Aldo Moro  
Specialization: Knowledge Based Systems

December 2011
